### Discussion of New Junior College by State Officials

Dr. Frank Lindsay, assistant state superintendent of public instruction for junior colleges and Dr. Charles Bursch, chief of the state division of school house planning were guests of the Board of Education and the Advisory committee of citizens at a meeting in College Hall Monday evening, where they discussed plans for a new junior college in Santa Ana.

Dr. Bursch was concerned with the construction of buildings that would serve education in the best manner possible without sacrificing the school program for the sake of appearance in construction. He was of the opinion that simple buildings constructed with the needs of the program always in mind would also be attractive and improve the section of the city in which the college might be located.

Both Dr. Lindsay and Dr. Bursch were of the opinion that the city could get great value without vast expenditures of money. Earthquake-proof buildings can be constructed for \$1000 a room and still meet adequately the needs of the program. Ornamentation of buildings might extend the cost many thousands without any real gain.

President Wells of the board requested Director John H. McCoy to outline briefly the services which the future college might give to the community. Mr. McCoy stated that the college has a dual purpose—to furnish pre-professional training for students who plan to attend the university and to furnish instruction and training for those whose education would terminate in the junior college.

Campus poll, open only to day students, Oct. 26, reveals choice of candidate for presidency to be Thomas E. Dewey. Dewey gains over Roosevelt by 20 per cent, securing 60 per cent of all votes cast. Democrats show gain of one per cent in party preference over votes for their candidate. Two per cent of voters were non-partisan; one per cent indicated Prohibition party.

### Kangaroo Court Held in College Hall Oct. 25

After 17 freshmen initiates were tried and sentenced at Kangaroo court, Oct. 25 in College hall, Judge Johnny Francis pronounced the initiation season closed. Willard Brisitow acted as master of ceremonies for the affair, while the jury and sergeant-at-arms were composed of sophomore girls. Iris Lake as poet laureate was sentenced to read verses when there was a lull in the proceedings. Other criminals were sentenced to dancing and singing. Ten were forced to give women initials and style their hair in rag rags. Virginia Stearns had to jump rope while eating a cherry pie.

### Miss Decker Named On Committee

Miss Dorothy Decker of the junior college and state president of the Business and Professional Women's clubs has been chosen by Mayor Asa Hoffman to serve on a committee of citizens who will study city charters. Santa Ana has often considered the question of a city charter but no definite step has been taken previous to the mayor's action in appointing the committee. The charter form of government for Santa Ana would affect the election and size of our board of education as well as render more effective our city government.

### Amendments Vary In Many States

On Nov. 7 voters in 30 states will mark 126 amendments to state constitutions, referenda, and initiated measures. In Nebraska voters will be given an opportunity to express themselves on state-wide prohibition. The act placed on the ballot is entitled, "An act to prohibit the manufacture, importation, advertising, transportation, possession or use of intoxicating liquors as a beverage and to repeal the existing liquor laws."

**Other Liquor Measures**  
North Dakota has an initiated measure to prohibit the sale of liquor in any place where commodities other than tobacco and soft drinks are sold; also a proposed constitutional amendment legalizing municipal-owned and operated liquor stores.

A referendum will be held in Oregon to restrict the sale of wine of more than 14 per cent alcohol by volume to state liquor stores.

### No Barn Dance

"There will be no Barn Dance Saturday night, not because of the failure of the Soph-Frosh dance, but because no barn is available," Miss Miller stated. "John Francis and Dick Conde searched far and wide for a barn, but were unsuccessful."

On the social calendar in the future will be a football rally on November 21. There will be no Christmas dance because of a conflict in dates. December 8 is the date set for the football banquet. As the following Saturday is the day after the Christmas holidays start no dance is possible.

### Why Dewey-Bricker

By JUNE SONDERICKER

1. Because I want the kind of America which was established by the founders of this republic, "a free nation of free men." I want my government controlled by the people—not a commander-in-chief.

2. Because I want the U. S. to LEAD in writing the peace contract, not follow England and Russian. Dewey has stated that if elected he intended to employ "the help of the ablest Americans of BOTH PARTIES to make sure that the government's foreign policy is developed on a non-partisan basis." I want a peace won that will stay WON.

3. Because I do not want public money used to keep one political party in power through the creation of useless offices.

4. Because I think the Republican candidate for the vice-presidency is a much better and more experienced statesman than the Democratic candidate for the vice-presidency.

5. Because the Democratic party, which was in power all through the period of German preparation for this war and which witnessed the violation of the Versailles treaty by Germany did nothing to prevent that violation.

6. Because I want honesty in government. I do not want another war in order to get out of the next depression.

7. Because Roosevelt has not yet explained the disaster of Pearl Harbor, nor why the Democrats refused to build a two ocean navy.

### Vanderma's Announce Don-of-the-Week, Oct. 28

Carl Oberto won the honor of Don-of-the-Week at the Modesto game, Friday, Oct. 28 by a tremendous majority over all other players, according to ballots cast at Vanderma's.

Jack Pickering was voted second place and Bob Childs third. All three men have placed in previous elections, Jack Pickering having won second place at the game on Oct. 20 with Pasadena and third place at the UCLA game.

Carl Oberto in action

### Why Roosevelt-Truman

By BABS MARKWOOD

I am a Democrat because—  
I believe that to exist, a nation has to recognize and take part in world affairs. I want my country to be respected and revered among nations, not be an isolated group of states such as the Republicans want to make it.

I want to be represented at the peace conference by an experienced diplomat, not a criminal lawyer. Winning the peace will take understanding and tact, not the dramatic tactics of a lawyer before a jury.

The Democratic party has always stood for low tariff and reciprocal trade. The trade agreements with foreign nations made by the present administration have been very instrumental in furthering our prosperity.

I believe this nation, which has always stood for honesty and fair dealing, should have a leader a man who does not resort to mud slinging and distortion of facts in order to gain votes.

Mr. Roosevelt will demonstrate the same far-sightedness in the future as he did in 1936 when he wanted a two ocean navy, and was blocked by the Republicans.

I fear another depression under Republican administration. The Republicans got us into the last one, and it took the Democrats to get us out. I want them to have the chance to keep us out.

Mr. Roosevelt has always maintained the most cordial of relations with our allies, and it seems to me that Mr. Dewey is doing his utmost to destroy this friendship and trust.

## For Want of a Site, a College Was Lost!

Since the birth of the junior college in 1915, quibbling has been going on over where buildings for the educational institution should be located. Various boards of education have made plans to provide this city with a real college. But just as success is about to be attained, some one, or some group of people, has given the stop-sign to all such activities, because they were more concerned over the SPOT for the college than over the matter of the building of the college.

In 1938 Santa Ana might have secured from the Federal government aid to the amount of almost four hundred thousand dollars towards constructing a new college. All efforts in this matter suffered defeat, because the Board of Education of 1938 felt it wise to let the matter of site be decided by the voters after they expressed themselves in favor of the erection of new buildings. Again the spot was the all-important factor.

The present board of education, remembering the dissention among the citizens in '38, has passed a resolution to build a new college, and the planning commission has accepted the site selected by the board. Why should the arguing continue?

The need for a new plant grows yearly more urgent. We cannot now expect aid from the federal government (we "muffed" that chance!) but let's not let the question of the site again pigeon-hole the matter.

## To the Class of '46

El Don ran an editorial in the October 20 issue explaining the meaning of college traditions and sportsmanship during the initiation season.

Evidently our words were beyond the comprehension of the freshmen. Kangaroo court lost its decorum and turned into a tomato and cherry pie slinging contest. The sophomores gave up their last hope for the freshman class. Can they ever become true Dons? The sophomores ask if the freshmen have any respect for tradition or hold any ideals of fair play.

The purpose of Kangaroo Court is not to punish the freshmen but merely to climax the initiation period. After the dismissal of the court, the freshmen are no longer initiates and new-comers but true Dons and Donnas. Although it is true that the few freshmen brought to trial at Kangaroo Court do sometimes face fright and embarrassment, all former initiates have been able to take the medicine due them and accept their sentences like men. In fact, they usually enjoy it as much as the sophomores. When this year the freshmen refused to partake in the court proceedings and actually rebelled against the sophomores' summons and sentences with strikers' rage and fury, we asked ourselves can it be possible that the youth of today is following, sheep-like, the example of the organized non-conformists, who threaten the very existence of our country? At any rate no matter what achievements the present freshmen class attain in the future, its record will forever be overshadowed by this dark day in its history.—J.P.

## Announcement

Because the demand for the YW sandwich stand was not great enough to continue the service, the stand has closed, Mrs. Gail Smith said today. However, the stand will be open on days with poor weather during the winter months. Chairs will be provided in BN where the students may buy and eat their lunch.

The official publication of the Associated Students of Santa Ana Junior college, Santa Ana, California. Published bi-weekly during the college year while jaysee is in session, except the weeks of quarterly and semester examinations, and issued on the Junior College consolidation ticket, the price of which includes \$.50 for subscription to the paper.

Entered as second class matter November 9, 1927, at the post office at Santa Ana, California, under the act of March 3, 1879.

## DEAR DON

Dear Don:

It seems to me that the planning of a new college site is no place for politics, and I can see no other reason why we have not had our new campus years ago. Just because everyone cannot be pleased with the location of the new college is not reason why we cannot have one at all, which appears to be the situation at this time.

Aesop established the fact that not everyone can be pleased at the time, but I'm positive that the Jaysee students would be happy with a new campus wherever it might be located. We are being deprived of many things which are needed to complete our education because of a small faction quarreling over a site. If a new site is not chosen soon Santa Ana Junior College will be the laughing stock of the state.

INTERESTED FRESHMAN

## Public Schools Command Attention Week Of Nov. 5-11

The week of Nov. 5 to Nov. 11 has been set aside as National Education week. It is a period in which the attention of the public will be called to the schools of the nation.

Supporters of proposition 9 on the California ballot point out that inadequate state support for elementary schools is creating a crisis which threatens a serious breakdown in the elementary school system.

In hundreds of districts children in the lower grades are being "herded instead of educated."

**Teachers Poorly Paid**  
Teaching has become one of our poorest paid professions with a minimum salary of \$1320 a year in normal times.

An increase of 1,500,000 in the population of California has added to the school load.

The solution offered by proposition 9 would increase the state's share of school support from \$60 per child, per year, to \$80. It would transfer a greater portion of school costs to the state. It would enable the 1,000,000 new residents in California to pay a fair proportion at the cost of educating their children.

**Against the Amendment**  
The Taxpayers Union argues that proposition 9 would freeze into the state Constitution an additional minimum expenditure of \$15,000,000 per year, California spends more per pupil than any other state in the union, and that this is not an equalization fund.

## Why Be Politically Minded?

In a college whose students are studying history, civics, and political science, and in time when most of the young men are being taken out of college for the armed forces, one would not believe apathy toward the grave political questions confronting the nation possible.

Yet only a few of the students here are electorally conscious, politically conscious, democratically conscious. The majority of the Dons and Donnas remain uninterested, unconcerned, and uninformed even though it is they who will suffer most and longest if wisdom does not guide the choice of the voters on November 7.

It is not the grandfathers and the grandmothers, nor even the parents—IT IS THIS GENERATION, YOU A JAYSEE, MARY RIVETING AT DOUGLAS, AND JOHNNY FIGHTING OVERSEAS, WHOSE FUTURE IS AT STAKE! This is why it is the duty and indeed the privilege of all college people today to understand election procedure, study party platforms, and actually develop political beliefs. They must begin to think about these things now.

If they show as little interest in the 1948 presidential election as they are showing in this one, they will not only be ignorant, incapable, and family-influenced voters, but poor American citizens. WISDOM DOES NOT COME AUTOMATICALLY TO THE YOUNG PEOPLE OF THE NATION UPON REACHING THE TWENTY-FIRST BIRTHDAY. It takes time and work—the hardest kind of work—DEEP THINKING—to become good citizens and intelligent voters. This is why we repeat again that it is not only the duty but a cherished privilege of a young people to understand their government and know their individual part in it today. They are tomorrow's citizens, tomorrow's voters. THEY MUST THINK DEMOCRATICALLY NOW OR THERE WILL BE NO DEMOCRACY FOR THEM TO THINK IN, TOMORROW—J.P.

## Our Bond Record?

To the editor of El Don from the United States Treasury department was sent a letter, quoted below in part.

"Thanks for a splendid job well done. During 1943 44 colleges and universities sold almost \$22,000,000 worth of war bonds, according to figures received so far. This year we hope to exceed our previous sales records."

Last year at the time of the Bond Show, our college made a record. We must not feel that we are privileged to rest on past laurels. Our responsibility to buy and sell bonds is as great as ever.

Where is the booth maintained for the past two years in College hall? Where are the students so much in evidence last semester, to take over the classroom sales?

Our interest in this, the most vital of all civilian war effort should need no stimulation. We should top all of our previous sales records and finish our job in true Democratic fashion.—L.B.

## VISIT YOUR SCHOOLS

## GOOD SCHOOLS.. Good business

We are supposed to be hardheaded business men, but we probably know better than anyone else how important education is.

The schools give young people basic knowledge and skills without which modern business could not survive.

Education develops demands for the products of industry. No savage would need a vacuum cleaner but the girl who has studied home economics in high school does. So it goes for many of the articles that make up the market in our community.

Most important, good schools develop the kind of people we like to have live in our neighborhood—dependable, intelligent, progressive. We believe that good education builds good character which is essential to good business.

We hope that every parent and citizen in this community will take time to visit the schools during American Education Week, November 5-11. Let's get acquainted with the schools and give them our full support.

## Nurse Addresses Women Students

Mrs. Mary Taylor Swoboda, representative of the National Nursing Council for War Service spoke to the women of the college Tuesday at 10:40 in College hall. "Openings now and after the war, in the fields of nursing, psychiatric nursing, and in other specialties, offer unprecedented opportunities for young women with advanced preparation," Mrs. Swoboda stated. As evidence that

MRS. MARY T. SWOBODA

college women are responding to the challenge, she pointed to the fact that the percentage of new student nurses who are college trained is twice as large as in 1934.

**Letter From Dr. Parran Cited**  
Dr. Thomas Parran, surgeon general of the US Public Health Service, in a recent letter to college presidents, called attention to the part played by adequate medical and nursing service in reducing military casualties.

"Nurses will continue to be needed for the armed forces as long as the war lasts," he declared, "but perhaps of greater importance for the young women now in college is the opportunity to serve her country after the war in a responsible position in the nursing profession. College women everywhere want to know how they can best contribute to the ultimate victory. They want particularly to know about nursing, not necessarily in order to enter it immediately, but to consider its advantages as a postwar career."

Mrs. Swoboda's visit here was one of 400 that are being made at junior colleges, universities, and colleges throughout the country during the fall by the college women of wartime and postwar opportunities in nursing.

Mrs. Swoboda obtained her B.A. degree at Mount Holyoke College, South Hadley, Massachusetts and her professional training at the Yale University School of Nursing. She later did post graduate work in psychiatric nursing and mental hygiene at Butler Hospital, Providence, Rhode Island.

## Future Editor of El Don Arrives In Santa Ana

"Of course she'll enroll at jaycee—in due time," Mrs. R. J. Wellman declared speaking of her tiny daughter, Joslyn Elin Tristram who was born Oct. 22 at the Santa Ana Community hospital.

Mrs. Wellman, formerly Ellen Magareta Snebly, was educated in the Santa Ana schools. While a student in jaycee she served the Santa Ana Register as reporter, and later became society editor of the Fullerton Tribune. When the Santa Ana Journal was established here, Mss Snebly took charge as society editor and met there Mr. R. J. Wellman, advertising manager of the Journal.

After their marriage the Wellmans enrolled at Stanford University where Mr. Wellman graduated in aeronautical engineering. Three years ago he entered the armed forces and was stationed with rank of captain at Wright Field in Dayton, Ohio for two years and a half. Later he was sent to Wilmington, Delaware and at present is overseas as a reserve officer on active duty with the Air Transport Command.

# Service Clubs Initiate Many Pledges

After a week of pledging, 66 college initiates were honored at parties given Monday night by the four women's service clubs.

**SISTERHOOD OF SPINSTERS**  
Organized in 1929 the Sisterhood of Spinsters is the oldest of the women's service clubs. Annually, until last year this club sponsored a spring fashion show and bridge tea, the proceeds from which were donated to the Student Loan Fund.

Last year a rummage sale was substituted for the fashion show, and a portion of the funds realized from the sale refurnished the Women's Lounge while the remainder was used to purchase a bond for the Student Loan Fund. Faculty adviser is Mrs. Venice Wetherell.

The home of Lois Bogardus was the setting for the Spinster initiation, under the direction of Geneva Eden, pledge mistress. Wanda Parsons, Nona Ashby, Virginia McBain, Pat Brown, and Virginia Eckley are the new members. Formal initiation will be held next Monday night.

## LAS GITANAS

Las Gitanas, organized in 1931, base selection for membership upon willingness to serve and cooperate in all college and community activities. Mrs. Gail Smith helped to organize and advise the club in its earliest years. The advisers of the club this year are Mrs. Wiggins and Mrs. Finley.

## LAS GITANAS

Las Gitanas informally initiated their pledges at the Women's Lounge here on the college campus. The list of those initiated includes Bernadine Humphrey, Shirley Heaston, Beth Guynn, Doris Metz, Virginia Stearns, Jean Marymee, Margaret Getty, Bobbie Thwaite, Marion George, Margie Roehm, Coleen Royers, Mary Tozier, Becky Franklin, Nita Robinson, Evelyn Gunderson, Barbara Walker, Marjorie Mason, Lois Bradley, Charlene Clemens, Dot Sanford, Iris Lake, Allyne Snyder, Mary Louise Shafer, Wanda Chambers.

Formal initiation will be at the home of Gertrude Kinzey, president, on November 13, Monday evening.

## LAS MENINAS

Las Meninas, the second oldest of the women's service clubs began in 1930 with Miss Genevieve Humiston and Miss Dorothy Decker as advisers. Throughout the history of the club Miss Humiston and Miss Decker have directed the activities of the "ladies in waiting to the Queen."

The May Day Breakfast is the highlight of Las Meninas services to the college. All women students and faculty are guests at the breakfast. Last year the men of the school were included at the event.

Santiago Park was the setting for Las Meninas informal initiation. Now the largest club in junior college, the list of new members is as follows: Betty Williams, Judy Baird, Doris Bauhard, Margie Miller, Marilyn Kellogg, Margaret Rawding, Dorothy Hamilton, Beryl Sell, Vivian

Thompson, Geraldine Sphar, Geraldine Brown, Lenore Harding, Nina Kipf, Aileen Faulkner, Jayne Krause, Eleanor Young, Jean Taraldson, Patsy Stearns, Doris Piper, Joyce Chase, Romayne Kern, Geraldine Hoganson, Eunice Fellhauer, Jo Rumell, and Dorothy Miller.

## PILOTEERS

Youngest of the service clubs, the Piloteers was organized in 1935 with the purpose of piloting new students to the college. The information desk in college hall presided over by members of the club during the first three weeks of the fall semester, greatly aids freshmen in disentangling themselves in the mystic maze of the jaycee campus. Mrs. Grace Knipe is the faculty adviser of this club.

Twelve pledges were informally initiated into Piloteers at the Grisette home in Tustin Monday night. New members of the club are Colleen Baker, Jane Cosand, Carol German, Marilyn Hill, Marjorie Fryatt, Connie Barnett, Kathleen Sadler, Jeanette Shook, Mary Belle Ladd, Frances Sisson, Evelyn Miller, and Barbara Elliott.

Chapel of the Methodist church will be the scene of the formal initiation on Nov. 13, according to Lois Bacon, president.

## YW Names Cabinet For Coming Year

YWCA cabinet members for the coming year were announced today by Mrs. Gail Smith, club adviser.

Freshman representative, Evelyn Miller; public relations, Earline Vite; entertainment and program, Mary Tozier; vice-president and membership chairman, Lois Bacon; service, Geraldine Sphar; Devotionals, Mary Bell Ladd; president, Lou Ann Acree; secretary, Jane Cosand; book store attendant, Gertrude Kinzey.

Officers and newly-appointed cabinet members met Wednesday evening at the home of Lou Ann Acree, 1332 South Sycamore. The group planned the YW calendar for the year and appointed committees to carry out their plans. Because El Don went to press before the news from the dinner-meeting could be reported, we were unable to release the YW calendar.

However, we can report that YW members will celebrate the holiday season with a Christmas party, Dec. 6, at the home of Mrs. Smith, 524 East Chapman, Orange.

## S. C. Junior College Association Meets

Several members of our faculty attended the fall meeting of the Southern California Junior College Association in Los Angeles, Saturday, October 21. Santa Ana was represented by Mr. McCoy, Mr. Moomaw, Mrs. Smith, Miss Humiston, Mrs. Knipe, Miss Decker, Miss Whiting, and Miss Miller.

The conference opened with a general session, at which Dr. Eurich, of Stanford University spoke on "The Role of the Junior College in Postwar Education." Following Dr. Eurich was Commander Luman H. Tenney, Medical Corps, U.S.N.R., who discussed "The Psychological Problem of the Returning Veteran."

In the section meetings, held after the general session, Mr. Cornsweet represented Santa Ana Junior college in a discussion on the connection of the junior colleges with the Cadet Nurse Corps.

Miss Miller took part in the meeting of Deans of Women. They decided to postpone till spring the AWS-WAA conference.

# To Future Voters

- You in Santa Ana Junior College may not yet vote in the forthcoming national election, but you have a very vital and real stake in the future of America. You are the voters of tomorrow.
- For almost 12 long years, you have known no other administration than this one, no other but Mr. Roosevelt's. It has, whether you know it or not, controlled everything you've done, everything you've bought, every pleasure you've had. Its foundation was Socialistic, but it is now heading towards Communism. It has unwholesome, un-American influences of boss politicians whose foreign-inspired ideologies are not American.
- We charge this administration with a long list of broken promises, with failure to meet the challenge of domestic problems, with failure to solve our unemployment until a war came along and brought the temporary solution.
- We charge this administration's spokesmen with wanting to keep our boys in the armed services after this war, because they think, 'We can keep people in the army about as cheaply as we could create an agency for them when they are out.'
- We charge that such sentiment is DEFEATISM—that Washington is preparing for another depression. We charge that it hasn't solved a single problem, but has created a multitude of new ones for YOU to solve.

# Question of the Week

By DORIS CAYLEY

"Why did you come to junior college?" This is the question-of-the-week in a group interview conducted by El Don and the answers given by students should furnish adequate reasons to the taxpayers for building a new junior college.

## A People's College

"To my mind, this is certainly a 'people's college,'" declared Keith Naylor, who went on to say, "It orients each student to a new way of life, on campus and off. There are no tuition fees, no heavy expenses. More time is given the individual student than on larger campuses."

"It's every girl's duty to go on to college if she can," Virginia Stearns declared, "and I for one feel I'm very lucky to have jaysee right here at home where I can get two year's training."

"I'm waiting to be called for cadet midshipman training in the US Merchant Marine Cadet Corps. It's as hard as any training of its kind," Bill Clayton said. "Meanwhile, I want to learn all I can that will help me in the tough, long road ahead. I think jaysee is a fine school, so here I am."

"Getting oriented to college life, finding out whether I'm really university material, and because I've heard so much praise of jaysee's faculty and courses—these are my reasons for enrolling here," explained Eleanor Young.

## Followed Advice

"I joined the Army Air Corps this past summer," Jack Weaver said, "and had intended to continue working for the Southern California Telephone company until I was called to active duty. The president of the examining board, however, convinced me that to become a navigator I'd have to know more than high school math and should be able to speak quickly and clearly. So here I am, following his advice."

"It is a natural steppingstone from high school to university," Nina Kipf said of junior college, "and this one being at hand was my choice. I hope to gain a good foundation for the second half of my college life."

"I hope to complete four years of college, but even if I don't know I can have these two years in junior college and gain a good background of education for future life," Evelyn Faber told me.

## Saving Her Pennies

"I'm saving all I can for my last two years of college," Lenore Harding explained, "I can keep expenses down in a junior college, and the teaching staff here is as excellent as you could find anywhere. I want to learn how to budget my time, how to study efficiently, and how to get along in the social life before I go to a

university for my junior-senior year."

"After the war, a college degree will be most important in obtaining good business positions," was the opinion given by Frances Sisson. "Attending junior college will give me a good two years of training and time to save money for my last two years in a senior institution."

## Back Again For More

"Josephine Luna told me: 'After having had a nursing course in a Los Angeles hospital, I am returning to my former school to study social sciences, because I enjoy and need them, I liked jaysee before, and I want to be in a college near my home.'"

"I'm here," said Doris Piper, "because I want an education beyond high school four years, and I'm glad for an opportunity to get it in junior college."

# Social Calendar Released Today

The social calendar for the year has been announced by Miss Agness Todd Miller, dean of women, and Bob Miller, social commissioner.

Football banquet on December 8 will be at the Ebell clubhouse. Acting as patrons for the banquet will be Mr. and Mrs. Cook, Mr. and Mrs. Foote, Mr. and Mrs. McCoy, Mr. and Mrs. Phillips, and Mr. and Mrs. Cottrell.

The Soph-Frosh dance, the first item on the social calendar, was held Oct. 21 at the Ebell clubhouse. Patrons who attended the event were Mr. and Mrs. Moomaw, S/Sgt. and Mrs. Wiggins, and Miss Agness Todd Miller. "Decorations for the dance were the best we've ever had," stated Miss Miller. Committee on decorations consisted of Mary Harding chairman, assisted by Earline Vite, Laura Landrum, Margie Grisct, Charles Schuth, and Iris Iverson. Gertrude Kinzey had full charge of the refreshments.

Don Butler acted as master of ceremonies for the intermission program, at which time Robert Lagerquist played two piano solos. Door prize drawing was also held during intermission, with the New American Jazz Album going to Robert Lagerquist, and Charles Schuth receiving the Symposium of Swing.

January marks the month of the AWS dance. The exact date will be announced later. Miss Swass, Miss Crawford, Mr. and Mrs. Scott, and Mr. and Mrs. Smith will act as patrons.

# DON CHEER LEADER INSPIRES TEAM TO SCORE

Marilyn Kellog on the field as in the classroom puts a whole heart into her work.—Cut Courtesy Register

Where's our spirit! The cheer leader s are putting forth great effort to make our yells go over, but where is the support they should be receiving?

High school students and others outside the college are remarking on our feeble enthusiasm—it must be noticeable indeed.

Now, something must be done about this, and soon.

The best method is to take home from the games the sheet of yells we're given and really study them. Then on the night of the game, the yell leaders will receive the support they deserve.

Let's not make a farce of our rooting section when it should be an enlivening force. (An Editorial)

## Cervantes Club Elects Officers

"No, you can't learn Spanish on the boat," Miss Swass, adviser of the Cervantes club, remarked to a student with ambitions for mining in South America. "Better get a little practice here before you start," she added.

The Cervantes club offers excellent social and academic opportunities to students interested in Spanish since all meetings are conducted in Spanish. In the past Cervantes has had many enthusiastic members. With the great number of Spanish speaking people in the vicinity and with Mexico and South America at our back-door students are realizing the advantage of knowing Spanish.

A second meeting at which officers were elected occurred Thursday, Oct. 26, in BB. As results of the election, Betty Williams is now president, Virginia Stearns, vice-president, and Juanita Robinson, secretary-treasurer. Next meeting of the club has been set for Nov. 9, the program to consist of a Spanish song session.

## Press Club To Meet

Jaysee Press club is planning a dinner meeting to be followed by an all-night or near-all-night session in the El Don rooms on Tuesday, Nov. 7.

"Everything hangs on our success in getting radio connection," Joyce Platt, one of the leaders of the affair declared today.

"The worst food I've had is the coffee made from salt water at the Prisoner of War camp in Oran," says First Lieutenant Lawrence Timken, class of '39, in a letter home. "One glass of salt water coffee, ersatz coffee too boot, and one piece of dark bread was all we got for breakfast every morning."

Lt. Timken, an infantry man, fought through Morocco, Tunisia, and in Italy. For 48 hours he was a prisoner of the Germans in Oran before he was released by the Allies. He has been overseas a little more than two years and is stationed in Italy near Naples. Last May he would have come home but for fickle chance. He was one of 300 scheduled to return. However, 12 were required to stay in Italy, and lots were drawn to determine who stayed and who came home to the states. He was one of the 12 to stay.

First Lt. Tommy Sullivan, a Marine fighter pilot and former Don, was credited recently with setting fire to a Jap barge, and blowing up a Jap truck on the Peleliu Island in the Palau group, while serving as aircover for the

Technical Sergeant Ramirez entered the army on August 5, 1942. At the present time he is the non-commissioned officer in charge of sheet metal work in a service command unit which handles and keeps in trim fighter planes that have played such an important part in the show in Europe.

The sergeant attended Santa Ana high school and junior college. He is the son of Mr. and Mrs. Frank Ramirez, of 625 N. Shelton St., Santa Ana, Calif.

Fort Richardson, Alaska—Cpl. James S. Baker, son of Mr. Cecil R. Baker of 113 South Orange Avenue, Brea, California, has recently been promoted to the grade of sergeant. Sergeant Baker is now serving in an Infantry unit at this station.

Before entering the service Sergeant Baker was employed by Douglas Aircraft. Prior to that time he attended Santa Ana junior college where he was a letterman in baseball.

Robert H. Allen, former Don, was recently commissioned a second lieutenant in the Marine Corps when he was graduated from the officer candidate class, Quantico, Va. Now, he is undergoing advance officer training. He is a member

of Phi Delta Theta.

A jaysee student in the past, Don Newquist, won his Navy "Wings of Gold" and an ensign rating in graduation exercises at Naval Air Training Center, Corpus Christi, Texas.

William J. Talevich, class of '41, and Robert R. Terwilliger, class of '39, have reported to the pre-flight school at Maxwell Field, Alabama, as aviation cadets. There they will take another phase of their training in the U. S. Army Air Forces.

Robert Wahlberg, who graduated from here in 1942, has been commissioned a second lieutenant in the Marine Corps following his completion of basic officer training at Camp Lejeune, N. C. He is now taking an advanced course. The Leatherneck officer, is a mem-

ber of Alpha Zeta fraternity. He completed his college work at the University of California at Berkeley.

Word has been released from an Eighth Air Force Fighter Station, England, that Capt. Eugene Holderman, PP-51 Mustang fighter pilot, was presented the second Oak Leaf Cluster to the Air Medal. Capt. Holderman earned the Cluster by "exceptionally meritorious achievement in the destruction of two enemy airplanes while on a fighter combat mission over enemy occupied Continental Europe." His group, led by Col. George T. Crowell of Chicago, Ill., recently set a distance record for British-based fighter planes, when the pilots flew 1600 miles round trip to Gdynia in the Polish Corridor. While establishing the new mark, the group escorted heavy bombers. Capt. Holderman has destroyed three enemy airplanes; one a ME 109 in the air near Merseburg, tow and three were ME 410s in air combat over Germany.

John F. Higgins, Air staff sergeant in the Army Forces has been awarded a medal and cited for meritorious achievement while participating in aerial flights in the Southwest Pacific Area from Feb. 28 to June 22 of this year. John serves as a top turret gunner on an A-20 attack bomber. He attended jaysee in 1941-'42.

PFC Fletcher, 20, son of Mr. and Mrs. P. S. Fletcher of 1503 N. King St., was with a tank battalion of the U.S. Marine Corps in conflict on Palau when he received shrapnel wounds. He now is hospitalized in New Caledonia.

John Albert Droege, 22, former basketball player here, has earned his commission as a second lieutenant in the U. S. Marine Corps at Quantico, Va.

He is now undergoing advanced instruction at the same east coast training center.

Lieutenant Droege earned two letters in basketball and was a member of the track and tennis squads. He majored in mathematics and German.

## New Waves Enlist From Jaysee

Edna Saxton and Beverly Palmer, members of El Don staff

blue uniform of the WAVES.

Edna, a former El Don reporter, was very active in sports at jaysee last year and was a member of WAA. She enlisted last month while attending UCLA and will report training at Hunter college soon.

Her friend, Beverly Palmer, 1943 Exchange editor of El Don, entered the WAVES Oct. 5 and is now taking training at Hunter college. She is a member of the WAVE choir, "The singing platoon" which has presented musical selections on the radio recently. She reports that she likes the WAVES very much.

### BULLETIN

Carl Oberto, Don-of-the-week for the Modesto game last Friday night, will play for the last time with the Dons tonight. Carl leaves Santa Ana tomorrow for the Army.

In addition to the list of other brilliant players taken from the team by Army and Navy must be added the name of Keith Naylor, who is to report this month for induction into the Navy.

From every fashion minded girl comes a warm welcome for the winter season's indispensable . . . The casual coat. Made up in the finest of all wool fabrics in the colors you love. Come in and see our collection!—\$45.

Dons - Pasadena Collide in Rose Bowl

	W	L	T	PS	PSA
Modesto	2	1	0	33	20
SANTA ANA	1	1	1	31	33
Pasadena	1	1	1	29	36
Compton	1	2	0	25	33

**JOHN FRANCIS**  
John Francis, 190 pound center has been one of the most consistent linemen all year. His fine play against Pasadena two weeks ago, won him the Don-of-the-Week honor for that game.

John is really an outstanding

performer, both on offense and defense. He is one of the league's outstanding linebacks.

**FULLERTON WANTS GAME**  
Fullerton jaysee is wondering why the Dons won't schedule a game with their football team. Evidently they don't know that the Dons had a schedule made out before Fullerton ever decided to field a football team. The traditional turkey day game against Fullerton will not be held, as Compton is scheduled to collide with the Dons on that date. Fullerton has had a successful season thus far, having knocked off El Centro 40-0 and Glendale 26-7 and 33-12, after losing to the Chino Institute for Men 13-12. Their real test will come next week, when they face a speedy Compton eleven.

**TROUTMAN AT FULLERTON**  
Our loss is Fullerton's gain in the case of Ronald Troutman. Ron entered Santa Ana jaysee in the fall of 1943. He performed on the Don basketball team last winter, then transferred to Fullerton, where he finished his Frosh year. When the Dons decided to field a football team this season, Ron transferred back to Santa Ana. Ron started at fullback in the opener against Fort MacArthur,

and on the next Monday, Ron turned up on the Fullerton campus, and since that time has sparked the Hornet football team to three triumphs. In addition to being a fine footballer, Ronnie is an excellent basketball and track man.

**CLAYTON CHECKS OUT**  
Bill Clayton, cheerleader, has left jaysee for San Francisco where he has joined the Merchant Marine. Dean Flanagan will continue as assistant to Marilyn Kellogg.

**DON GIVENS**  
Don Givens, lanky 160 pound tailback was elected Don-of-the-Week for the UCLA game. Givens, by virtue of some fine

Dons-Bulldogs Tie 12-12 In Bowl Classic

Modesto Aerials Defeat Dons 14-7

Pasadena and Santa Ana's Dons ended up where they started in another exciting rid game in the Santa Ana Municipal Bowl on Friday night, Oct. 20. Both teams entered the game in a tie for first place, and wound up the same way.

**Dons Score Early**  
The Dons surprised by scoring first. Santa Ana's vaunted passing attack began to function after Pasadena failed in their effort to make a first down on the Bulldog 47 early in the game. The Dons had to punt, but a poor Bulldog punt reached the Don 38, from where the Dons tallied in five plays.

Jim Davis' pass to Bob Childs carried to the 24. Don Givens, who performed sensationally at his new tailback position, made 12 in two plays and Davis passed to Childs for the score. Carl Oberto's conversion try was wide of the uprights.

**Slater Rambles 84 Yards**  
Although the Dons scored first, they did not hold the lead very long. Etchandy's kickoff was taken by Don Slater on the 16, and the Bulldog speedster sped through a host of Don tacklers at midfield and outran several white-jerseyed Dons to the goal. Holman tried to pass for the extra point, but the pass fell incomplete.

**Dons Regain Lead**  
Jim Davis started the Dons second touchdown drive by returning a Pasadena punt 16 yards to the Don 20.

John Etchandy picked up 2 on the first play. An Etchandy to Davis lateral netted 5. Davis made 2 and passed to Pickering for 15. Davis then passed to Childs for 9, and Givens gave the Cookmen a first down by running to the Bulldog 40. Davis continued the drive by picking up 5 on an off-tackle smash, and passed to Pickering for 24 yards. Givens plunged for 6, before Davis passed to Childs for 11 more yards. Davis crossed up the Bulldog defense and 7000 fans by skirting the Bulldog right end to the 1 yard stripe. The Dons again crossed up the Bulldog defense by tossing a flat pass to Pickering for the score.

John Etchandy failed to convert.

**Desperation Passes Save Bulldogs**  
The Dons looked like sure winners until late in the fourth period.

With the ball on their own 15, Coach Stark inserted little Chuck Berry into the Bulldog lineup. Berry tossed to Jim Jordan, who nearly broke loose before being hauled down on the Don 44. Berry then completed a four-yarder to big Frank Arcuri. His next pass fell incomplete, but another try connected to Arcuri on the Don 20, and the latter scampered the remaining distance to pay dirt. Leo Ring missed the conversion.

The Dons made 19 first downs to 6, but could not quite defeat the scrappy Bulldogs.

Jimmy Davis completed 14 of 21 passes, and Givens showed a lot of drive at his new tailback position.

running in earlier games, was shifted to tailback, where he has really shown his ability.

Santa Ana's Dons took a dose of their own medicine, as the defending state champion Modesto Pirates came from behind to dump the Dons 14-7.

Coach Fred Earle's T-formation Pirates stunned 7000 fans by unleashing a fancy last quarter passing attack which ultimately won the game for the Northerners.

**Donavan Gives Dons Lead**  
The Dons drew first blood in the second period, marching 80 yards in twelve plays.

Don Givens raced 14 yards on two smashes, Davis passed 13 to Childs, Givens made 3, Davis passed 6 to Pickering and Walt Donovan made another first down on the Pirate 25. Carl Oberto then made a nice catch of a Davis aerial on the 3, and Walt Donovan bucked across in three attempts. Ron "Frenchie" Marsile added the extra point.

**Pirate Passes Pave Way**  
Dean Sensenbaugh sparked the last quarter PiPraPte attack with some fancy passing. The first score came after a series of Sensenbaugh passes, the payoff on a pass from Eddis Hyde to Charley Hickok. Hyde kicked goal and tied the game at 7-7.

**Sensenbaugh to Shaffer Connects**  
The winning touchdown came suddenly. After Hickok had intercepted a Don pass on the 39 and rambled to the 2, Roger Neth, Don tackle, recovered a Pirate fumble on the 6 and Pickering kicked out. After Pickering's punt, a 15 yard penalty was assessed against the PiPrates to the Modesto 40.

Dean Sensenbaugh, 145 pound speedster flung a long pass to Glen Shaffer, who caught the pass in stride on the Don 35 and outran several Dons to pay dirt. Hyde again added the extra point.

Modesto threatened again, winding the game up with a first down on the Don 13.

Although it isn't Jan. 1, there will be a football game in the Pasadena Rose Bowl tonight. The winner, if one emerges victorious, will remain in the running for the California Junior College conference championship. Upwards of 15,000 spectators are expected at the Crown City stadium tonight.

Third Don-of-the-Week

Don Givens chosen Don-of-the-Week at UCLA game.

**Dons Outplayed**  
The statistics proved that the Northern team outplayed the Dons. The locals had outplayed every other team, but Modesto came up with the strongest offensive team the Dons have met thus far.

Modesto now leads the conference with two wins and one loss. Compton won its first game of the season by upsetting the Pasadena Bulldogs 18-8 last Friday.

**SONG LEADERS**  
Dorothy Hamilton, one of the three recently elected song leaders has been unable to perform at the past several games, having injured her knee while practicing her routines. Beryl Sell and Ailene Faulkner worked together at the UCLA game, and at the Pasadena game, Anita Wollert took Dorothy's place.

**Teams Tied Two Weeks Ago**  
The Don-Pasadena game of two weeks ago ended in a 12-12 tie, although the Dons had a big edge in the statistics.

Pasadena seemed to lack an offensive punch, but the Bulldogs have a powerful line and speedy backs. Charley Berry also did some nice passing.

The man to watch tonight is Don Slater. He returned a Don kickoff 85 yards for a score two weeks ago. Jim Jordan, colored speed boy is also a definite threat. Don Waddell, Maurice Gibbs, Bill O'Sullivan, and Big Frank Arcuri are the outstanding Bulldog forwards. Gibbs made the All-Southern California prep team at Alhambra last season.

**Donovan New Don Threat**  
Santa Ana's running game should be greatly improved. Fleet Don Givens is now operating at tailback, and Walter Donovan has shown his ability at fullback.

Jim Davis, the league's passing sensation will again be ready to throw his accurate aerials at the Bulldogs. He completed 14 out of 21 attempts in the last Bulldog meeting.

John Francis and Willard Bristow have been the outstanding Don linemen. Carl Oberto, who is now playing end, played fine defensive ball against Modesto last week.

The Don forwards will outweigh the Bulldog line, but will have to hustle to keep on even terms with the scrappy Pasadenans.

**Game Unpredictable**  
The game is unpredictable. Comparative scores indicate that the teams are evenly matched.

In conference play, Coach Newt Stark's Bulldog gridders have downed Modesto 13-6, tied Santa Ana 12-12, and have lost to Compton's Tartars 18-8. Bill Cook's Dons have edged out Compton 12-7, tied Pasadena 12-12, and lost to Modesto 14-7.

**WAA SPORTS**  
The Women's Athletic Association meets on Tuesdays and Thursdays.

On Tuesdays, the girls play basketball. At the present time there are enough members to form two teams. More members are urged to join the organization.

On Thursdays the Women's Athletic Association has swimming.
